MEMORANDUM FOR THE RECORD

SUBJECT: Preliminary Price Estimate for Production of Model 2 Incinerators

1. , called the other day to give these estimates for the cost of producing the Model 2 Air-Fed Incinerators. To provide fabrication drawings, supply the paper for testing, test the units, apply two coats of heat resistant paint and ship the units to it will cost:

1 - \$3936
10 - \$3786
25 - \$3756

2. I am planning to have make fabrication drawings and there will probably be one or two additional changes, therefore, this cost estimate will be disregarded and the company will be asked to bid again at a later date.

:mc

*yes,
probably 3 additional**QSR*
